### **PRIVATE & CONFIDENTIAL**

Dear SENco,

### **Re:**

The parent(s) of this child have approached us with concerns about Autistic Spectrum Disorder.

I would be grateful if you could follow the new The Social Communication and Autism Assessment Service (SCAAS) pathway:

<https://www.glofamiliesdirectory.org.uk/kb5/gloucs/glofamilies/advice.page?id=GQG8mir5efU>

and as it asks, arrange a Team Around the Child (TAC) meeting and if appropriate support should then be put in place via the Gloucestershire Graduated Pathway (My Plan, My Plan Plus) prior to an autism assessment being undertaken.

Please let us know if you have any concerns we can assist with.

Yours faithfully
